ROOM 1C925, PENTAGON

DATE 29 July

MEMO FOR D/SWS

1. Apparently Sen. Tower agreed with our proposal for increased personnel support. He then asked D/D what could be done to alleviate this problem. The attached reply with D/W's comments is being passed through to us for any comments we want to make.
2. Do^{not} believe we should get into the internal DIA fighting - how they solve the problem is their business. With that in mind, have drafted our comments that are strictly limited to clarification of our basic request.
3. Reply attached for your consideration.
